Green Army Formation

Plantation Drive and Poster Presentation Report

Date: February 14, 2022

Introduction:

The Green Army was formed in 2022 as an extension of the NSS (National Service Scheme) at Sri Arvind Mahila College, with the primary aim of promoting a green and sustainable campus. Through active involvement in environmental initiatives, the Green Army has committed to maintaining the campus greenery and fostering a sense of ecological responsibility among students and faculty.

Event Overview:

On February 14, 2022, the Green Army organized a plantation drive on campus. This event was designed to support the NSS's mission of environmental awareness and was supervised by NSS officers along with enthusiastic support from students across various faculties. Additionally, a poster presentation was held to further spread awareness on the importance of conservation and sustainable practices.

Participants:

The event was graced by our Principal Prof Punam, who emphasized the significance of a green campus in her address, encouraging students and staff to contribute actively to the initiative. Faculty members and a large number of students from different departments actively participated, creating an inspiring atmosphere of unity and shared purpose.

Activities:

1. **Plantation Drive:** Numerous saplings were planted throughout the campus, with students taking responsibility for their ongoing care and maintenance. Each participant took a pledge to ensure the survival and growth of the plants they planted.
2. **Poster Presentation:** The poster presentation showcased creative and educational posters crafted by students. The posters highlighted various aspects of environmental conservation, sustainable practices, and the

role of greenery in improving campus life. This activity allowed students to share their ideas and learn from each other in an engaging format.

Conclusion:

The plantation drive and poster presentation on February 14, 2022, were significant steps in promoting environmental awareness and responsibility within the college community. The Green Army, with the NSS's guidance, has made substantial progress toward creating a green and sustainable campus. The involvement of students from all faculties highlights the commitment of Sri Arvind Mahila College to ecological initiatives, ensuring that the campus remains a model of environmental stewardship.

Future Directions:

The Green Army, in collaboration with the NSS, plans to organize more plantation drives and educational events to strengthen the college's green initiatives and inspire ongoing student participation in preserving the campus environment.

NOTICE

Formation of the "Green Army"

All students are hereby informed that the college is initiating a "Green Army" to promote environmental awareness, sustainable practices, and eco-friendly initiatives within the college and the surrounding community. Interested students who are passionate about environmental conservation and want to be part of this impactful movement are encouraged to join.

How to Enroll:

Please give your names to NSS Programme Officer, **Dr. Rita Kumari**, for registration.

Date of formation of the Green Army- 14.02.2022

Let's work together to make our campus and community greener, cleaner, and more sustainable!

For further information, please contact the NSS coordinator during college hours. We encourage all students to participate and help spread awareness on these important issues.

Let's join hands in making a difference!
