INTERNSHIP PROGRAMME

In association with YMNA & DISHA

Date: 30.10.2023

Duration of internship: 10

No. of participants: 38

An internship program was conducted by the Department of Psychology under the guidance of Dr. Rajani Kumari Sinha in collaboration with Youth Mobilization for National Advancement (YMNA) and DISHA De-addiction cum Rehabilitation Centre, Patliputra, from 30th October to 8th November 2023. The program aimed to provide participants with hands-on experience in studying the case histories of mentally retarded and alcoholic patients under the guidance of counsellors and doctors from DISHA.

During the 10-day internship, a total of 38 participants visited six different centres, where they observed and interacted with patients undergoing treatment. The program allowed students to gain practical insights into the mental health and rehabilitation processes, enhancing their understanding of addiction and mental disabilities.

This internship proved to be an enriching experience for the participants, helping them develop a deeper understanding of mental health management and the complexities involved in the treatment of patients with alcohol dependency and mental retardation.
