

Report on Universal Health Coverage Day

Date of Event: 12th Dec 2025

Venue: Psychology Lab, Sri Arvind Mahila College

Organised by: Department of Psychology

No. of Students: 22

An awareness session on **Universal Health Coverage Day** was organized by the **Department of Psychology** on **12th December 2025** at **11:00 a.m.** in the college Psychology Lab. The session aimed to educate students about the quality health without facing financial hardship and emphasizing health as a human right as well as to promote equity of accessing health services.

Objectives

1. To create awareness about healthy life style.
2. To dispel myths and misconceptions associated with health and promote accurate understanding of being healthy.

Event Highlight

Educational Presentation:

A comprehensive presentation was emphasizing the theme and importance of Universal Health Coverage (UHC). The presentation also covered biological, psychological, and environmental factors contributing to health.

Interactive Session:

Interactive activities encouraged community participation and discussion on health rights and responsibilities.

Awareness Building:

Awareness sessions were conducted on preventive health care, health insurance, and government health schemes. Educational materials were presented to promote healthy lifestyles and informed health-seeking behavior. The celebration reinforced the message that health is a fundamental human right and a shared social responsibility.

Conclusion

The Universal Health Coverage Day celebration successfully raised awareness about the importance of equitable and affordable health care for all. The program emphasized the need for collective efforts from individuals, communities, and health systems to achieve universal access to quality health services. Overall, the celebration reinforced the commitment to building a healthier society where no one is left behind due to financial or social barriers.
