CRITERION I – CURRICULAR ASPECTS

1.1 – Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

Sri Arvind Mahila College has academic flexibilities in all programs. CBCS has only been implemented in postgraduate courses in the Academic Session 2018-19. Academic Calendar and teaching modules are framed by the university and executed by the college to ensure that classroom lectures are of high quality and meet the time schedule. To compete with the technological demands of the modern era, faculty members have been insisted to follow innovative pedagogy of teaching methods, like internet, e-notes, and LCD projectors apart from chalk and talk. Use of ICT in classroom takes students to an educational world beyond the syllabus. Smart classrooms, virtual classrooms, interactive sessions with subject experts, play an important role in curriculum delivery. Enrichment of the curriculum engages beyond the classroom to innovative teaching practices and offers opportunities to the students to express their views and improve their skill. Various students' activities are organized to promote general communication skill and encourage them towards independent broad thinking. Skill development programmes such as essay competitions, debates, group discussions, extempore, quiz competitions are organized by the departments regularly. Student oriented methods like preparation of project reports, power point presentation, group discussion, experiential learning, paper presentation, seminars, workshops, assignments, tutorials and other aids to promote general communication skill among students. Study tours, field visits, community services, outreach programmes, extension activities, encourage initiatives, independence and collaborative learning among students. The multidimensional enthusiastic performance of the students in all aspects and ranks obtained by the Institution at the University Examinations are exemplary for the quality education of the institution. Patna University publishes its academic calendar every year and college strictly adheres to it. This allows both teachers and students to space out their teaching and learning. The new session of undergraduate program in the college commences in the month of July every year. After the assessment of the sent-up examination papers, students are being given feedback about their performance, strengths, and weaknesses with their areas for improvement. The university examinations of undergraduate courses begin from the month of February (Honours Part III), March (Honours Part II) and April (Honours Part I) followed by Practical Examinations and Viva- Voce Examination. University examinations of all conventional and vocational courses end in the month of May before the summer vacation. Similarly, for postgraduate examination, students are explained and made aware about academic calendar and evaluation process of continuous Internal Assessment (CIA-PG Exams comes under this) during their orientation session at

the beginning of each semester. The entire details are also displayed on the departmental notice board. The assessment tools viz. class tests, assignments, presentations are well explained and demonstrated to them during Induction -cum- Orientation Programme and practice at regular interval to passionate them for outstanding performance. Teaching- learning process is further improved by academic audit and effective corrective measures taken by the IQAC. Based on the observations and recommendations made by the committee the Heads of the various departments are asked to take necessary corrective measures to improve the academic and administrative performances.

1.4.2 – How the feedback obtained is being analyzed and utilized for overall development of the institution?
(maximum 500 words)

Feedback Obtained

At Sri Arvind Mahila College, a well designed feedback system is employed to secure the holistic participation of various stakeholders such as students, parents, teachers and alumni in our institutional processes. This fosters a spirit of transparency, communication and inclusivity in all levels of functioning at the institution. The dominant method of acquiring feedback is through forms designed specifically for this purpose and the feedback thus obtained not only provides a foundation for evaluating the efficacy of our existing mechanisms but also aids in the development of innovative academic and extra-academic content. It acts as the necessary raw material for formulating strategies for prospective institutional development. Institutionally, the Principal is always directly accessible to students and parents during college hours. When it comes to the formally collected feedback a committee of teachers and the Principal together reflect and determine viable and specific redressal mechanisms for each kind of stakeholder, instead of opting for a one-size-fits-all approach. Some notable examples of channeling feedback into constructive areas is through the organization of Faculty Development Programmes. For the upgradation of the teaching staff carrying out infrastructural refurbishments to improve the aesthetic and functional experience of the college for all stakeholders enabling curricular enhancement to offer a diverse range of compulsory and add-on courses to our student body. Also instituting counselling and mentorship programmes to bolster the emotional well-being of our students, IQAC plays a pivotal role for analyzing the inputs from feedback system and using the suggestions for holistic improvement of students as well as institution. The feedback of lecture delivery of teachers is also communicated to IQAC members in the IQAC meetings. Departmental council meetings are also conducted on a regular basis to review and assess the completion of syllabus, results for the overall development of students. In a nutshell, such an approach synergistically supports the amalgamation of the interests of the core stakeholders as well as the educational institution. The curriculum is revised on the basis of feedback system. Some senior faculty members of the college are the member of Moderation Board and Board of Courses and Studies and they play significant role in curriculum designing and revision. Feedback on curriculum is obtained from the various stakeholders, is analyzed by the university authorities and the required changes are informed to the concerned authorities to ensure the holistic development of the students. The qualitative education is manifested by the performance of the students who become rank holders at the University Examinations.

2.3.2 – Students mentoring system available in the institution? Give details. (maximum 500 words)

Sri Arvind Mahila College practices a well-structured system of mentoring. By providing information, guidance, and encouragement, mentors can play an important role in nurturing students' college aspirations, helping in the transition from school to college. In addition, mentoring for students in college helps students to feel more connected and engaged on campus, which can ultimately improve students' outcome. College has a exclusive mentoring and support mechanism with Principal and Heads of the respective departments. Each student is assigned a faculty as a mentor at the beginning of the academic year by a selection rule by the teacher-in-charge of the concerned department in which the student is admitted. Each teacher maintains their personal timetable/register for the mentoring sessions. Students' profile, which indicate social, economic and academic background along with their sports and other special abilities and disabilities are the soul points of mentoring strategies for effective socio, psycho and academic guidance. Individual sessions cover a wide range of topics like Career options Strategies and work plans Information about institutions in India and abroad, Entrance examinations, Admission requirements, Job opportunities, Work profiles, Emotional and personal dilemmas and

problems etc. Students are encouraged to meet their mentors frequently discuss any issue related to difficulties faced in the college as well as holding discussions on the issues faced in their personal life. Students voice, their requirements, grievances, opinions through their mentors discussed with their respective heads of the departments in the departmental meetings. The scope of mentoring goes beyond classroom support to equip the students with right knowledge, attitude and skill so that they successfully face the challenges ahead. The subject teachers give guidance and special coaching to students for university and competitive exams and all kind of entrance exams for future higher studies and recruitment. The aim of having a well structured system of mentoring is to provide proper guidance to the students not only in choosing the right career path but also to help them learn how to deal with the vicissitudes of life and become confident and emotionally secure individuals.

2.5.2 – Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

Continuous Internal Evaluation (CIE) system plays an important role in preparing the students for final university exams. Since the under graduation program is conventional in nature, there is no provision of CIE at UG level but college has undertaken many steps for the benefit of the students: Class Test and Terminal Examinations are conducted as suggested by the advisory committee. Sent-up Examination is conducted on the pattern of final examination to prepare the students for the same. This includes both, practical and viva-voce examinations. Results of these examinations are shown and discussed with the parents in the Parent-Teacher Meetings. For PG Program, CIE is the integral part of Semester System at PG level which plays an important role in the students' final result as it is a 30 marks examination. Departments having PG program have undertaken following reforms: Orientation to CIE - Students are made acquainted about the marks distribution. 30 marks under CIE are divided which are as follows: 15 marks for written exam, 5 marks for assignment, 5

marks for presentation and 5 marks for attendance and behavior. Result analysis and review- Each student is shown her marks with the answer sheet. Teachers discuss the best answer in the class as an example. Slow learners are handled separately by the teachers. The results are reviewed in the departmental meeting to give necessary feedback for the improvement of students' performance. Remedial classes -it is conducted for slow learners and students who have participated in extra-curricular activities like sports, NSS.

2.5.3 – Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

Sri Arvind Mahila College is a constituent college of Patliputra University, Patna which publishes its academic calendar every year and college strictly adheres to it. The college carries out effective planning to stick to academic calendar and ensure effective time management. This allows both teachers and students to space out their teaching and learning. The new session of undergraduate program in the college commences in the month of July every year. The university examinations of undergraduate courses begin from the month of February (Honours Part III), March (Honours Part II) and April (Honours Part I) followed by Practical Examinations and Viva-Voce Examination. University examinations of all conventional and vocational courses end in the month of May before the summer vacation. During the orientation programme of new students', they are informed about the academic calendar of the college and the Continuous Internal Evaluation (CIE). The Institution follows decentralized administration to a considerable extent. Regular meetings are conducted with the academic staff by Principal. The suggestions and opinions of the staff members are considered regarding the qualitative betterment of curricular aspects. The departmental meetings are conducted by the HoD's with the teaching staff focusing on improving the academics, co-curricular and extracurricular activities. Various works are imparted to the faculty members like time-table, teaching plans, lesson plans, course material, work dairy, which is reviewed by the HoD's at monthly departmental council meeting. For the purpose of conducting Continuous Internal Evaluation, teachers prepare their Lesson Plans/Teaching Schedule in adherence to the Academic Calendars. The timings for the Class Tests and Home Assignments are planned by the teachers in accordance with their teaching and tutorial schedule keeping the Academic Calendar and planned Extra Curricular activities of the college in mind.

CRITERION VI – GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 – Institutional Vision and Leadership

6.1.1 – Mention two practices of decentralization and participative management during the last year (maximum 500 words)

To run a College in a better way, a combined effort of Principal, teaching, non teaching staff and students is needed. For decentralizing and bear with the administrative load of the Head of the institution and changing the working style, teachers and students have given right and share in day-to-day functioning of the college. The motto behind this thought is to take quick decision and create a sense of attachment among the stakeholders for the institution. It also inculcates a participatory environment ensuring that every individual gets an opportunity to evolve and grow. All the Departments and faculty members work independently and function according to the requirement of the curriculum. They have given free hand to decide the course of student eccentric activities, lectures and programmes for their evaluation. To promote the research activity, faculty members guide the CPE projects of the students and keep close contact with the students. Dissertations are made core paper in the PG Programmes, so the students are allotted their research supervisors and they work with those faculty members. Student-Faculty meetings are convened regularly. Department wise meeting between the faculty and Principal also take place regularly. Departmental Council meets regularly. Faculty members have representation in various committees as IQAC, Grievance Redressal Cell, Anti-Ragging Committee, Internal Complaints Committee, College Purchase Committee, General Body, Advisory Committee, Development-cum-finance Committee, and Committee for SC/ST, Magazine Committee, Library Committee, Research Journal Committee, Sports Committee, Time- Table Committee etc.). Various cells are formed at the level of Students, Parents and Alumna The different cells are Students' Grievance Redressal Cell, Staff and Teachers' Grievance Redressal Cell, Anti Ragging Cell, Sexual Harassment Cell, Gender Cell, Minority Cell, Legal Cell, OBC Cell etc. To facilitate greater participation of students in the administrative and governance process of the College. Under this effort, students would be selected through a Cabinet Election in which they are selected by entire students. The Student Cabinet takes care of the overall discipline, co-curricular activities organized in the collage and helps in smooth functioning of the college administration. Students have their presence in IQAC too. Students have plenty of opportunities to show their talents in different field.

7.1.7 – Initiatives taken by the institution to make the campus eco-friendly (at least five)

The institution has taken several measures to make campus eco-friendly. Major portion Of the total area of college is covered with tress and lawns. Some initiatives taken by college are: 1. Tree plantation in the campus is a regular activity of the NSS. Herbal garden with botanical name of plants is maintained in the college. Members of college are acquainted with various environmental issues through seminars and talks. 2. Bird nests have been fixed on the tree tops in the college. 3. LED bulbs are installed across campus. 4. Steps are taken to make plastic free campus. Awareness programs are conducted like Tobacco free campus, polyethene free campus, plantation, sanitation drive etc.

7.2 – Best Practices

7.2.1 – Describe at least two institutional best practices

1. Title: Inclusive Education for the Differently abled Socio- economically Disadvantaged. (a) Goal: • It aims at creating an environment of belongingness and mutual respect and help for each human being on campus. • It endeavours to

promote an atmosphere of socio-economic justice on campus. • There is an attempt to meet the global requirement of human rights obligations committed by our welfare state and the nation. • Having set up these goals and tried to achieve them optimally, the college aspires to be one of the most positive looking educational institutions of the state and the country. (b) Context: IQAC members of the college feel deeply concerned about the census result in 2011 that 2.1 percent people in India are differently abled and out of which 1.9 million are only in Bihar. It is one of the highest percentages of the total differently abled persons. It has been found that in Patna they are not only differently abled but most of them hail from socio-economically disadvantaged groups. Hence, they are often faced with awesome disadvantageous position in comparison with the general students. Sometimes, they are exposed to isolation and humiliation. This they feel much when they come having received their schooling from special schools made for them. They find that general colleges are not very much friendly to them. Having been faced with such challenging issues, we have decided to take up the cause of inclusive education policies and programme to lessen the difficulties of such students and to instill in them a sense of dignity, self-respect and socio-economic security. (c) Practice: With a view to helping the socio-economically disadvantaged group of students, the college has adopted the practice of generously granting all the financial facilities provided by the state and central governments like full-free studentship, half-free studentship, poor boys' fund scheme, hostel accommodation on college campus, remedial coaching, competitive examination coaching, English-enhancing classes through language labs, opening up of Community College with courses like Automobile Engineering and Financial Management, Human Rights certificate course, by organizing awareness programmes of promoting socio economic justice, such as debates, seminars, others activities. In all these, the NSS and NCC units of the college play very vital roles. In these activities, we are not confined simply to our campus, but we venture to take up such activities even beyond the campus, such as the slum areas and socio-economically depressed areas of habitations. (d) Evidence of Success: Our esteemed teacher Dr. Snigdha Prosad has been generously helping such students in her own capacity on campus and outside campus. With the establishment of LSC-SIGHT, we are trying to provide basic facilities to the visually handicapped and the low-vision students. • As far as other facilities provided to them, we have the evidences of making the college campus wheel-chair friendly. • We have a good number of students enrolled in various disciplines who are socioeconomically disadvantaged, such as: (e) Problems encountered and Resources required: We are faced with unawareness of policies and programmes regarding differently abled persons, though the constitution of India has signed and ratified the United Nations Convention on the Rights of Persons with Disabilities (UNCRPD) as early as in 2008. Another problem encountered is lack of adequate financial support and paucity of committed resource persons. Still, we hope to overcome them with our strong will and dedication to the cause and would keep up the reputation of the college. 2. Planning of IQAC through democratic methods To develop an action plan for the academic year To interact with colleges / students / Management / Society to assess and elicit suggestions / recommendations in important areas like introducing need based new academic programmes, improving infrastructural facilities etc., and to share best practices with the others to achieve the objectives of IQAC. At the institutional level, it is necessary to create a positive attitude and approach, motivating and providing support to the colleges / Departments for organizing co-curricular or extra curricular activities, promoting research culture, encouraging teachers to organize seminars, workshops etc. motivating students to learn beyond the curricular aspects and providing training in computer operation to the non-teaching staff are some of the tasks performed by IQAC members. The whole exercise is a participatory approach and also achieved through a democratic way. IQAC members

also act in the capacity of Head / Member of different committees and enjoy an administrative position of significance. The Principal the NCC officer the NSS Programme officer, Professor-In-Charge of Library and some other senior faculty members have been inducted in the IQAC. By virtue of their positions and their proximity to the staff / students associated with the said committees, these members are able to play a significant role in the decision-making process of some of the activities. The members of IQAC, worked as facilitators along with the Heads of Departments in identifying the Best Practices being followed in each department. The members of IQAC made a criterion-wise presentation to the Heads. The Heads of the Departments were then requested to make a presentation on the same. Staff members indicated that although they were keen on undertaking research they were not very clear regarding procedural issues.

Hence: i. Information regarding Major Research Projects / Minor Research Projects / FDP scheme was provided through the IQAC. ii. A centralized process of identifying funding agencies and motivating faculty members to apply for research projects to various funding agencies was initiated. The committee looked after submission of applications to various agencies and then monitored the progress. iii. Efforts were made to streamline the working of the unaided programmes based on the feedback received from the staff and students. The Principal was assigned the responsibility to co-ordinate the unaided programmes. The core faculty / visiting faculty, office and laboratory staff were appointed.

Upload details of two best practices successfully implemented by the institution as per NAAC format in your institution website, provide the link

7.3 – Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

To instill a spirit of full commitment and devotion at the mental and moral level among students to be good citizens of the country and serve the society for a better tomorrow as enshrined with the motto and vision of the college. Besides, the college has initiated various steps to maintain transparency in its admission process which is based on the philosophy that access to quality education is the fundamental right of all citizens. The college is fully committed to serving the economically and socially marginalized sections of the society and to this end, privileges them in the admission process. Thus it shapes the admission policy of the college. The college website and prospectus contain information about the institution and the courses of studies offered.

8.Future Plans of Actions for Next Academic Year

The College has proposed to introduce academic audit and administrative reforms to cope with increasing needs of the students. The College has also proposed to enhance research activities and publications of the journals from time to time to keep faculty members abreast of the progress about the recent advancement. Counselling to the freshers has been a step towards further improving academic ambience on the college campus. Library and easy access to periodicals and journals are the steps taken by the college to motivate committed students to achieve their goals.
